

TOWN OF PLAISTOW
TAX COLLECTOR
Rosemarie L. Bayek

Property Liens

Tax liens are placed on your property if all or any portion of your taxes is not paid by April following your December Bill. Once the lien is placed on your property, the interest rate changes to 18% per annum, pro-rated on a daily rate. A lien placed on your property means that you may not sell your home until this is paid off. If the lien is not paid in full, by two years and one day after the lien is placed, your property will be deeded to the town of Plaistow.
