

**Town of Plaistow
Energy Committee**
145 Main Street, Plaistow, NH 03865

ENERGY COMMITTEE MINUTES

MEETING DATE: Wednesday, May 17, 2017 @ 5:00 pm

PRESENT: Selectman, Julian Kiszka; Tim Moore, Planning Board; Geoffrey Adams, Planning Board; Greg Jones, Town Planner, Jake Kennedy

GUESTS: Tim Noonis, Unitol, Janet Lucas, Prism Energy

Meeting called to order: 5:00 PM

Janet Lucas – Prism Energy Service

Final comments were made to the revised Energy Committee Charter. The gist of the comments revolved around the fact that the committee works on all types of energy efficient projects, not just those involving renewable energy sources. This resulted in some minor changes in the ext of the charter as well as the name of the Committee.

Tim Noonis explained that the PUC has approved Unitol's LED streetlight tariff. The tariff will be based on the following:

1. Purchase by the Town of the remaining depreciation costs of the existing streetlights (or any subset of lights being replaced by LED & bulbs).
2. The Town shall purchase all new LED fixtures and bulbs.
3. The Town shall pay for all energy costs necessary to power the LED bulbs.
4. The Town shall pay for on-going maintenance costs

OTHER BUSINESS

There was no other business.

ADJOURNMENT: J. Kiszka adjourned the meeting at 5:45 pm

Respectfully submitted,

Gregory M. Jones
Plaistow Town Planner
Renewable Energy Committee Staff Person
