REPORT OF THE BOARD OF SELECTMEN

Your Town closed the year of 1965 with an unexpended balance of \$14,874.63 against the 1965 appropriations. The total surplus was \$43,129.36 an increase of \$8,344.87. In the year 1965, the Selectmen used \$10,000.00 of this surplus to keep the tax rate from increasing to a higher rate than the \$72.00 approved by the Tax Commission. There have been no changes in the valuation ratio.

The total valuation of Plaistow increased by \$614,212.00. The total valuation is \$6,895,956.00.

322 Veteran's exemptions amounted to \$333,950.00 a decrease over last year of \$5,100.00.

This year was marked with several problems; one of which was the establishment of a new disposal area brought about by the sale of the old dump site to the Timberlane Regional School District. The Selectmen had an extremely difficult task in finding what is now termed by State health and fire officials as "an almost perfect site." The Town acquired 20 plus acres and to consummate this business, an emergency appropriation of \$5,500 was requested and granted to develop the new disposal area, and a good site has been realized. Numerous other sites were investigated and the present site was deemed the best.

The Town acquired the Hale Spring and land and a road was built to the Spring which was used to good advantage this year due to the drought.

Negotiations and planning for the cemetery took considerable time and effort and at this time we would like to announce that we have entered into an agreement to acquire a sizeable piece of land from Mr. and Mrs. Paul D. Palmer for the sum of \$1.00. We have also acquired an additional piece from Mr. and Mrs. Nelson M. Schwaner. This land was also acquired in the same manner. We feel this amount of land will take care of some 1200 graves and meet the needs of the Town for many years to come.

Numerous roads were accepted by the Planning Board and as we look around the Town, we find the work well done. The roads in the new developments are wider than we have previously experienced.

The State Highway Department cooperated to take care of a drainage problem on the Kingston Road which will make for much safer passage for motorists.

The Town Road Aid money is being used to construct a new and wider bridge on the Crane Crossing Road. In connection with building this wider bridge, Mr. and Mrs. Claude Cox donated land to eliminate a severe curve in the road for which we wish to express our sincere appreciation.

The Selectmen, working with the Industrial Commission, have been successful in assisting to attract two substantial businesses to this area. One is already established and one is in the process of constructing a building for future use. We are happy that we were instrumental in helping Mr. Keezer to make his decision to return to Plaistow. We feel that because our ratio of business to residential property is so low that a continued effort is extremely necessary to bring this ratio into better balance.

We must point out that your tax rate went up \$16.00 per thousand this year and this was brought about mostly by an increase in School costs and we would point out that 85.4 % of your tax dollar is used for education.

The cannons on the Town Hall Park were removed due to their dangerous condition. This was done to prevent any possibility of injury to children. We hope that a program to refurbish and renew the cannons will be undertaken this year.

Your Selectmen have enjoyed the co-operation of all the people and departments in the Town. We have not solved all problems but with continued help from all, we will exert every effort to conduct our duties with efficiency and expedience.

We wish to take this opportunity to thank Mr. and Mrs. Paul D. Palmer, Mr. and Mrs. Nelson M. Schwaner and Mr. and Mrs. Claude Cox for their contributions to the Town.

We welcome all new residents to the Town and urge interest and participation in the affairs of the Town. We welcome constructive criticism and hope that you will make it a point to register and vote at the Town and School District meetings. Our office is open every other Monday from 7:30 to usually mid-nite. Come in and Make Suggestions.

We feel that if Plaistow is to continue to progress, the cooperation of ALL its citizens and that of the various Town Committees elected and appointed will be necessary.

Respectfully submitted,

LEROY S. DUBE
THOMAS H. CULLEN
ELWOOD D. SHAW

REPORT OF LIBRARIAN FOR 1965

Four neighborhood district meetings sponsored by the State Library at Concord, were held in Exeter and at libraries in the district. Your librarian and trustees attended these meeting, at which time new books were on display, book reviews were given, and various library topics were discussed.

At the first meeting, held at the District Office in Exeter, a film explaining Centralized Library Service was shown. Our trustees voted to join the Centralized State Library Program; thus enabling our library to order books through the State Library at a larger discount and with free postage.

One hundred and twenty-five dollars was allotted our library by the State Library for basic reference books. Twelve books were added to our reference shelf.

Mrs. Lucille Atwood, a trustee of this library, was elected Chairman of the Southeast District Advisory Council of the Statewide Library Development Program.

Two hundred and eighty-four Adult Non-Fiction books were borrowed from the State Library, and one thousand eight hundred and eighty Adult and Children's books were delivered by the Bookmobile on its four trips to the library.

Several activites were held by the Friends of the Library during the year. A Book and Food Sale was held on Memorial Day. Much appreciation is due the many people who donated books for the sale. In June a Hobby Show was held at the Pollard School. Two books on rocks were

awarded the winners. Some of the Friends Group have assisted me in carrying books to shut-ins, with the Bookmobile books, acting as Safety Patrol Leaders for school children coming to the library, and helping at the library. Several new books were donated to the library through the Birthday Club of the group. A major accomplishment of the "Friends" during the year was the incorporation of the Plaistow Library Building Association Incorporated. This matter was handled by a special committee from the "Friends", and it is now a fond hope that a new library building will be made available in the not too distant future.

The Second Grade Reading Club party was held in June at the Pollard School. A fine program, dealing with books, was furnished by the second grades. Ribbon awards for reading were given to the children by your librarians.

I have tried to provide books and material requested by the teachers of the Pollard School to meet the needs of the pupils. I certainly appreciate the cooperation of the teachers in submitting these assignments to me.

New window shades were bought, formica put on the receiving desk, and a telephone was installed. A set of Collier's Encyclopedias and two volumes of the Lincoln Library were added to our reference collection.

I appreciate very much the gifts of books, magazines, and book marks donated to the library by interested friends and organizations.

I attended in July, for the second year, the Library Technique Course held at the University of New Hampshire. This course is sponsored by the State Library to educate librarians to better meet the needs of the public. This is my goal.

REPORT OF THE ROAD AGENT FOR 1965

This is my annual report as Road Agent. Last summer roads were widened, shoulders of roads were graveled, brush was trimmed, signs and guardrails were fixed and roads were patched. Several miles of roads were tarred.

The TRA money is being used for the Crane Crossing Road. The town has accepted several new roads. A few culverts have been replaced and new catch basins built.

I wish to extend my thanks to the people of Plaistow for the excellent cooperation given my department.

Respectfully submitted,

CLINTON W. SENTER, Sr.

Road Agent

REPORT OF THE BOARD OF HEALTH 1965

I hereby submit the report of the Board of Health of Plaistow for the year 1965.

It had been an extremely busy year for this Board with the increase in building which has gone on in this town and the increase in its population.

There has been submitted to the State Department of Health the following cases of communicable diseases as required by the State Laws, and it is necessary that all such cases be reported either by the Doctor or the householder where ever such cases exists.

Measles	37 cases
German measles	5 cases
Mumps	25 cases
Chicken Pox	14 cases
Encephalitis	1 case
Pneumococcus Meningitis	2 cases
Dog Bite	9 cases
Cat Bite	1 case
Total Reported	94

The District Health Nurse has been notified of 11 premature births as required by State Laws.

One certificate for the removal of a body from one of our cemeteries has been granted for interment elsewhere

Four, (4) permits have been granted for the home care of welfare children and two (2) have been denied for various reasons.

Seven (7) complaints were received and investigated and letters written and all were terminated with positive good health results.

The old dump was inspected and turned over to the Timberlane School Authority.

With the loss of the old dump a temporary dump was inspected and passed as usable for temporary purpose until a new one could be established.

This Board did request the State Sanitary Department to investigate a sewerage contamination of a drainage area by the usage of a dye test in the adjoining dwellings and such contamination was found to exist and suitable measures were taken to terminate such a condition.

As required by our Building ordinances all sewerage systems, whether replacements of old systems or construction of new ones, must be examined by this Board before completion and must conform to the requirements of the Board and must conform to the laws relative to existing or new water systems. Fourty (40) such examinations were made and all did conform to the law.

Respectfully submitted,

FRANCIS S. HARRIS, M. D.

Chairman

REPORT OF THE PLAISTOW FIRE DEPARTMENT

Following is the annual report of the Plaistow Fire Department for the year ending December 31, 1965.

The number of alarms answered was eighty-three. Seven of these were woods fires; four calls for assistance in searching for lost children; eleven automobile fires; three emergencies; three false alarms and sixteen were fires in buildings.

The total estimated fire damage, including insurance paid was thirty-two thousand dollars.

The department was called to assist at fires by the departments of Newton, N. H., Haverhill, and Merrimac, Mass. Plaistow called for assistance once from Haverhill and Atkinson and on two occasions from Newton.

The members of the department and association have constructed a two-truck addition and hose tower without any expense to the town except for material.

The Board of Fire Engineers asking at the Town Meeting of March 1966 the authority to purchase a new fire truck capable of carrying 1500 gallons of water. The cost of this truck to be made from the appropriations set aside by the voters at the town meetings of the past three years and the proposed appropriations of this year.

In closing I would like to thank the citizens for their cooperation during the dry season and in procuring permits for outside burning.

Respectfully submitted,

JOHN A. PALMER, Chief

REPORT OF THE RECREATION COMMISSION FOR THE YEAR 1965

War Memorial Field—a recreation area established to honor veterans of the Town of Plaistow—has continued to provide an area where the youth of Plaistow can enjoy its recreational facilities.

Throughout the summer months, the pent up energies of thousands of our young citizens, is expended in healthful play at War Memorial Field.

Your recreation commission has tried to accomplish a great deal in the way of improvement at the field with a limited amount of funds.

During the year 1965, the baseball diamond was Roto-tilled and raked over. Land on the North side of the diamond was filled and levelled. New bases and a home plate and pitchers mound were purchased during the off season to take advantage of lower prices at this time of year.

The commission hopes that money will continue to be provided, so that work on this worthwhile project may go on. The beneficiaries of all the improvements made will be the children of Plaistow.

REPORT OF THE INDUSTRIAL COMMISSION 1965

On April 26, 1965, a re-organizational meeting of the Plaistow Industrial Commission was called by the Board of Selectmen. Mr. Edward Bangs, Mr. William Morton, and Mr. Edward A. Ingalls, Jr. were appointed new members of the Commission.

Plans were undertaken immediately to determine the possibility of the relocation of the Keezer Manufacturing Company in Plaistow. After the completion of their new plant in October, this move was made by the Keezer Company. Keezer Manufacturing Company employs 180 people and is expanding.

In August, the resignation of Mr. Edward Bangs was accepted and Mr. Kenneth Bernard was appointed to fill the vacancy.

A meeting of all local realtors was held in September. This meeting was held jointly with the Planning Board, the Board of Selectmen and the Industrial Commission. As a result of this meeting, a sub-committee of the Industrial Commission was formed, comprised of all interested realtors and agents. This committee will up-date land for industrial use and review zoning needs.

In October, the Tamposi Realty Company of Nashua, N. H. purchased the former Court Products land and announced that Pennsylvania Box and Lumber Company of Warminster, Pennsylvania would lease part of this land. Further expansion of this property is imminent.

A State Industrial Conference, held in Dover, N. H. in October, was attended by several Commission members.

The Commission has held regular monthly meetings on the last Monday of each month with additional meetings as necessary. Maps of the area have been reviewed, additional industrial land areas are being sought, and contact has been made with State Officials to determine where financial aid is available to the town for industrial growth, either through State or Federal funds.

At the close of the year, we see many advantages that Plaistow has industrially. All of the following are assets:

1. Access to a major railroad line
2. Situated near by to Routes 495 and 125
3. Progressive school system, recognized nationally by acceptance for the Title III funds under the Johnson Education Act
4. Good residential areas
5. Available labor pool
6. Favorable industrial and commercial zoning
7. Available land

However, after study, the Industrial Commission recommends that the citizens of Plaistow take into consideration immediately the following needs:

1. A water tower for industrial use — this creates a favorable insurance situation which industry demands and which we must have to compete in our geographic location.
2. A Master Plan — Consideration is already being given by other groups within Plaistow to the development of a Master Plan. We believe this to be necessary for the best development of the town.

3. A printed brochure listing Plaistow's assets — This brochure should include, in addition to industrial advantages, a description of our local government and how it operates, a history of the town, maps, and pictures.

We feel that the outlook for Plaistow is exceedingly good. However, people make the progress — be a doer for the best interests of Plaistow.

Respectfully submitted,

Mr. Kenneth Bernard, Chairman
Mr. Edward A. Ingalls, Jr. Secretary
Mr. Irving Gilman
Mr. Carleton Ingalls
Mr. William Morton
Mr. Nelson Schwaner

REPORT OF TREE WARDEN

The Trees of the town were trimmed and removed as needed during 1965. Ten additional maples were planted and seem to be surviving the drought.

The State removed a large pine and several Elms and also a few maples on Sweet Hill Road and No. Main Street. The large Elm in the center of the Town was treated in the interest of preservation of this landmark.

The usual Cooperation of the Exeter Hampton Electric Co. was in evidence and they removed several trees on Pollard Rd. and Forrest St. as well as assisting in the trimming program along with the New England Tel. & Tel. Co.
