

Many of you know St. Luke's Food pantry is always in need. During the holiday's they receive a good number of non-perishable items that help so many families get through this holiday season. However, personal care items seldom get donated. Please participate in a little holiday cheer by helping the Food Pantry!

Beginning on December 3rd – December 14th please consider donating items from the list below. This will last for 12 work days. All the donations will be brought to the Food Pantry on 12/19. Please feel free to donate one day, all days or anything in between!

Donated items will be placed under the Christmas tree in the Great Hall at Plaistow Town Hall 145 Main Street until 12/19 when they will be taken to St. Luke's.
