To: “The resulting number shall determine the maximum number of dwelling units permitted in a PRD.”

7. Modify §220-48.D.(2) Specific Design Requirements

From: “A two-hundred-fifty foot well radius within the parcel shall be limited in development to well construction and an access road to a pump house.”

To: “A well radius shall be provided in accordance with the standards and requirements of the New Hampshire Water Supply and Pollution Control Commission.”

8. Modify §220-48.E Specific Design Requirements

From: “No building or structure in the PRD shall be located closer than 50 feet to the PRD perimeter in an MDR District and 100 feet in an LDR District (or closer than 100 feet to a Town road network in all districts).”

To: “No building or structure in the PRD shall be located in the 50-foot perimeter buffer.”

9. Modify §220-48.G.(1) Specific Design Requirements

From: “No dwellings ...”

To: “No dwelling units ...”

10. Modify §220-48.G.(2) Specific Design Requirements

From: "... 30 feet between the edge of the nearest private right-of-way and/or driveway of any building or structure."

To: "... 30 feet between the edge of any right-of-way and any building or structure."

11. Modify §220-48.H Specific Design Requirements

From: "H. Each dwelling must be served by its own driveway."

To: "H. Driveways

- (1). Each single-family dwelling unit must be served by its own driveway.
- (2). Each duplex dwelling unit may be served by a common driveway or separate driveways for each dwelling unit.
- (3). Each multi-family building must be served by its own exclusive, single driveway.

Amendment #10 is recommended by the Planning Board by a 4-0-0 vote

7. Modify §220-53.A.(6). Building and Site Design requirements
From: (6) The minimum lot size shall be 160,000 square feet. At least 50% open space must be provided and no more than 30% of this open space can be in a wetlands district or have slopes greater than 15%.
To: (6) The minimum lot size shall be 160,000 square feet of which 50%, at minimum, shall comprise open space, having a maximum of 30% in a wetlands district, and having no slope area greater than 25%. Open space cannot be used towards the unit density calculations.
8. Modify §220-54. Density.
From: All plans submitted under this ordinance must show calculations for the maximum number of bedrooms permitted on the site by NHDES septic loading criteria. This is to be used as a theoretical maximum number of bedrooms. Other criteria may significantly lower the number of bedrooms permitted.

To: All plans submitted under this ordinance must show calculations for the maximum number of dwelling units permitted on the site by NHDES septic loading criteria. This is to be used as a theoretical maximum number of dwelling units. Other criteria may significantly lower the number of dwelling units permitted.

9. Modify §220-54. Density

From: (1) A maximum of six (6) Age-Restricted Affordable Elderly Housing Units (Renter Occupied) may be constructed per 40,000 square feet. Note that soil and slope requirements may increase the 40,000 square feet to a larger area.

To: (1) A maximum of six (6) Age-Restricted Affordable Elderly Housing Units (Renter Occupied) shall be allowed for every 40,000 square feet of buildable area as defined by §220-53.A(6). Note: soil requirements may increase the 40,000 square feet to a larger area.

10. Modify §220-54.1 Building Cap

From: The Planning Board shall not accept for consideration any proposal that, if approved, would increase the total number of all elderly housing units, existing and proposed, above the number representing ten percent (10%) of the total number of dwelling units within the Town as determined by the Assessor. The Planning Board shall keep a running total of the number of such units. All units constructed under earlier versions of this ordinance shall be counted towards the cap. This calculation is to be made at the end of each calendar year.

To: §220-54. Building Cap

- A. The Planning Board shall not accept for consideration any proposal that, if approved, would increase the total number of all affordable elderly housing units, existing and proposed, above the number representing ten percent (10%) of the total number of dwelling units within the Town as determined by the Assessor. The Planning Board shall keep a running total of the number of such units. All units constructed under any version of a Town of Plaistow affordable elderly housing ordinance shall be counted towards the cap. This calculation is to be made at the end of each calendar year.
- B. Applications received by the Planning Office for consideration under this ordinance will be date and time stamped. The date and time stamp will determine the order of consideration by the Planning Board for application completeness. Once the Planning Board has accepted the application as complete, the number of units proposed under that plan will be deducted from the building cap.
- C. If the number of units proposed on a plan submitted under this ordinance would exceed the building cap, should the Planning Board accept the application as complete, the developer will be notified of the exceedance prior to consideration by the Planning Board, and directed to lower the number of units to at or be below the building cap.
- D. If a plan proposed under this ordinance and accepted for jurisdiction by the Planning Board is not approved, the number of units proposed by the failed plan will then be considered as available under the building cap

11. And deleting §220-54.2

12. Modify § 220-55. Certification.

From: The Town of Plaistow shall require an annual certification of each development in the Elderly Housing District to ensure compliance with the age, income and rental provisions of this ordinance.

To: The Town of Plaistow shall require an annual certification of each development in the Affordable Elderly Housing District to ensure compliance with the age, income and rental provisions of this ordinance.
